Re: In re: Application for Approval as a Certifying Organization of Electrical Industry Certifications Association, Inc.
Docket No. 2018-1-71-2018

Dear Mr. Tolson:

Enclosed please find a final order granting your application for approval as a certifying organization.

Sincerely,

[Signature]

Thomas A. Blackburn, counsel
State Board of Crane Operators

TAB
Enclosure
COMMONWEALTH OF PENNSYLVANIA  
DEPARTMENT OF STATE  
THE STATE BOARD OF CRANE OPERATORS

In re: Application for Approval as a  
Certifying Organization of Electrical  
Industry Certifications Association, Inc.  

Docket No.  1-71-2018

FINAL ORDER GRANTING APPLICATION

AND NOW, this 25th day of May, 2018, upon consideration of the application for approval as a certifying organization, the State Board of Crane Operators finds that Electrical Industry Certifications Association, Inc. offers a program of testing and certification that is equivalent to the program of testing and certification offered by the National Commission for the Certification of Crane Operators, as it is accredited by the American National Standards Institute, satisfies the requirements of ASME Volume B 30 for operator qualification and certification and interpretations issued by ASME, and satisfies the requirements in 29 CFR 1926.1427 (relating to operator qualifications and certification). The Board therefore GRANTS the application for approval as a certifying organization subject to the following terms and conditions:

(1) The legal name of the certifying organization is Electrical Industry Certifications Association, Inc., also known as EICA.

(2) The application of EICA was approved upon motion of the Board, adopted on May 23, 2018, and effective on the same date.

(3) The Board has granted approval to EICA as a certifying organization for the following specialty licenses, and no other:

Telescopic Boom Crane with Fixed Control Station.

Telescopic Boom Crane with Rotating Control Station.

(4) EICA may hold itself out as a certifying organization in this Commonwealth.
(5) EICA shall notify within 10 days, in writing, the Board and each individual holding its certification, of any change to its accreditation by the National Commission of Certifying Agencies (NCCA) should EICA obtain such accreditation, or the American National Standards Institute (ANSI).

(6) EICA shall immediately and voluntarily cease and desist from issuing certifications or holding itself out as a certifying organization in this Commonwealth upon a determination suspending, withdrawing or terminating its accreditation by NCCA should EICA obtain such accreditation, or by ANSI.

(7) EICA shall submit to the Board within 30 days of receipt from NCCA or ANSI a copy of each certificate of renewal of accreditation.

(8) EICA shall comply with all revisions to applicable ASME B 30 standards and provisions of 29 CFR 1926.1427.

(9) The authorization to issue certifications in the Commonwealth granted to EICA by this order is not transferable.

(10) This order will cease to be effective by operation of law upon the occurrence of any of the following conditions:

    (a) The failure of EICA to notify within 10 days, in writing, the Board and each individual holding its certification, of any change to its accreditation by the National Commission of Certifying Agencies (NCCA) should EICA obtain such accreditation, or the American National Standards Institute (ANSI).

    (b) The failure of EICA to cease and desist from issuing certifications, or holding itself out as a certifying organization in this Commonwealth upon a determination suspending, withdrawing or terminating its accreditation by NCCA should EICA obtain
such accreditation, or ANSI.

(c) The failure of EICA to submit to the Board within 30 days of receipt from NCCA or ANSI a copy of each certificate of renewal of accreditation.

(d) A suspension, withdrawal or termination of accreditation by NCCA should EICA obtain such accreditation, or ANSI.

BY ORDER:

STATE BOARD OF CRANE OPERATORS

F. ALLAN MAUGER, JR.,
CHAIRMAN
